

GIFT CARD TERMS AND CONDITIONS

Fria digital gift cards are sent directly to the recipient upon placing your order and are available for use right away.

Your Fria gift card can be used as payment, the same way a credit card is used, towards your purchase online at the Fria LLC website. Purchase totals will be deducted from the card's overall value until it reaches zero. Should you choose to return the product(s) purchased with a physical or digital gift card, the funds will be added to your Fria profile (as digital credit). When you make a purchase you cannot choose the gift card amount to spend if the gift card value exceeds the value of the transaction (let's break that down: if your gift card is valued at \$100 and your order is \$50, you cannot choose to use only \$25 from the gift card towards the purchase price – instead, the full \$50 will be used towards the order). That said, you are not required to use the full amount (in this example, \$100) on one purchase.

Gift cards are only valid in the currency they were issued.

No digital gift cards may be used to purchase another digital gift card. No discount codes/links can be applied or used to purchase a Fria gift card. Fria reserves the right to cancel any gift card orders should it have been purchased using any discount(s) or obtained illegally including through fraud.

Your Fria gift card is not reloadable; once the funds are exhausted, the card is no longer valuable and may be discarded. All gift cards are final sale and cannot be canceled or refunded.

Fria will not be held responsible for lost, stolen, or misused cards. No gift cards can be replaced, reissued, or redeemed for cash (except as required by law) or applied to any credit card balances. Fria is not responsible or liable for lost or stolen gift cards.

Your use of a Fria LLC gift card, whether digital or physical, constitutes your acceptance to these terms and conditions in their entirety.
